

Hello, Poetry.

I am Brian S. Vinson, candidate for Town Council.

Born in Houston, raised in DFW and Beaumont, I am a Native Texan. My wife, Sheri, and I moved to Poetry on Independence Day, 2015 and our love for the area has only grown since.

Over 25+ years I have built a career in technology and business management. I was the IT Director for the Chisholm Trail (Fort Worth) Chapter of the American Red Cross before moving to Houston as Regional IT Officer.

That return to Houston began our journey to Poetry – we just didn't know it yet. We were uncomfortable there, and even felt unsafe at times. A move to Kerrville showed we enjoyed life more outside of the big cities. When it was time to sink permanent roots, we found Poetry.

I have never desired public office but have developed skills which can help the Town as we get established. I have an MBA with a focus in Organizational Leadership, experience with contract negotiation and review, organizational communication, project management, training, and emergency planning – which is a true passion.

My political philosophy focuses on community involvement to reach community goals, liberty for the individual, and personal responsibility.
